

Paul John Steinbart is a Professor in the Department of Information Systems in the W. P. Carey School of Business at Arizona State University. He has developed and taught graduate courses on information security and also teaches an undergraduate course on Accounting Information Systems. His research has been published in leading academic journals including *MIS Quarterly*, *Decision Sciences*, and *The Accounting Review*. He is also co-author of the textbook “*Accounting Information Systems*” published by Prentice-Hall, the 11th edition of which has just been released in spring 2008. He is the current Editor of the *Journal of Information Systems* and also serves on the editorial board of the *International Journal of Accounting Information Systems*.
